HL by Hiland

For 2008, HL™ Bicycles introduces new bicycle technologies, such as the Hydroform™ frame tube set, increasing riding characteristics and bicycle durability.

Another area of development has been on the rider ergonomics and comfort, with the introduction of the RVIS™ (Rider Vibration Isolating System).

Passion, Adrenaline and Fun

We built bikes for people who love to Ride.

We put our hearts into every bike we produce.

We love what we do.

We do it all so that when a customer buys a Golden Wheel Bicycle, they will know that they have purchased a bike that was built with them in mind.

This is Golden Wheel America.

GOLDEN WHEEL AMERICA.COM

We are one of the most respected and established companies in the world of bicycles.

Our mission is to create the highest quality bicycles in the market today. We constantly strive to produce bicycles that incorporate the latest innovations in design, components and durability.

Our success is due to the attention that we dedicate to every aspect of our products. There is not a bicycle in the world today that out performs a Golden Wheel Bicycle in terms of quality or detail.

Plus we offer our bicycles at the best prices in the market place.
